Fáilte

Fearaim fíor-chaoin fáilte roimh gach éinne inniu go dtí cluichí ceannais mionúir na bliana seo.

Eight teams from seven counties do battle today at the excellent facilities in Fenagh. The games to date have been of a very high standard further testimony to the work that is being done across the province.

The recent senior championship was the most competitive for some time with 9 of the 10 teams in contention for a knock-out spot on the final day. Kilkenny, Wexford and Dublin will carry the Leinster colours in the quarter and semi finals while Offaly were pipped by a single point for a place.

The quest for improvement goes on and today you will witness some of the finest young talent in the country. Offaly won their first Leinster title last year and are back looking to defend their crown. The midland county is an example of what can be achieved from a relatively small playing population. Their example is already being followed by other counties and I expect to see new names on the top trophies in the not too distant future. The Camogie Association nationally and at the provincial level is investing heavily in the world's fastest game for girls. Coming up

all Leinster U17 County Development Squads that are currently in progress and preparing for the National U17 Day (19th August 2017) are invited to a Leinster Development Day on 7 August. The organisers are looking to give these players an extensive and age specific insight into the lifestyle of players at the top of their game and have a day of activity that will hopefully offer players something extra. Consultation with stakeholders is also another vital element in the organisation and the Association is inviting members to "Have your say on how Camogie is played" a conversation that runs until 30th August. Check out "Talking Camogie" on camogie.ie.

I extend our appreciation to the Carlow GAA Board for the use of the facilities at Fenagh, to my colleagues on the Executive and to the counties present. A word of appreciation to all our match officials as well.

Le meas.
